IMPROVED SAFETY AND SMARTER PREMIUMS

At Fuse Fleet, we're transforming risk management with predictive insights and best-in-class digital end-to-end claims management solutions.

By leveraging AI and GPS data, we deliver transparent insights into fleet safety, risk and claims. With 40 years of expertise in motor fleets and risk advisory services, we lead the way in behaviour-based insurance and claims management.

Our tailored digital insurance harnesses cutting-edge AI technology to enhance risk mitigation, reduce accident rates and support lower insurance premiums.

BENEFITS

- Leverage 40 years of expertise with a broad appetite and market-leading coverage.
- Utilise digital claims and 24/7 real-time reporting to reduce the cost of claims.
- Mitigate risk for better loss ratios and fewer incidents.
- Identify high-risk drivers to reduce accidents and support lower premiums.
- Harness GPS data for actionable ESG insights to cut CO2 emissions and predict crash risk.

APPETITE

- Fleets of 15 vehicles plus including passenger and light commercial with up to 50% heavy and plant.
- Utilise GPS or the Fuse Fleet App for fleet management.
- Assist new ventures looking to establish or expand their fleet.
