

We identify the **15%** of drivers that cause **50%** of at-fault accidents before they occur.

## Expertise brokers trust. Results customers value.

GPS data reveals which drivers will crash. You intervene before they do.

### Who we cover

- Commercial fleets of 15+ vehicles including passenger and light commercial with up to 50% heavy and plant.
- New ventures, claims-rated accounts and 100% electric fleets.
- Connectivity via GPS or Fuse Fleet App.

*Excludes: Taxis, couriers, motorcycles, caravans, motor homes, prestige/exotic vehicles, modified/custom vehicles, chauffeur and agricultural.*
